

We cannot tell you how much it means to us to know you're by our side, helping us get through this difficult season with your gifts and your prayers.

Here are a few ways you can pray for Insight for Living Canada right now:

- That we finish our fiscal year well and reach our June 30 goal of \$200,000 in donations
 - For protection and health for our staff members and for Chuck and Cynthia Swindoll
- That we're able to continue doing effective ministry in Canada on air, online and in print

Your support is bringing God's life-giving, life-changing hope right into people's homes and hearts through the teaching of His Word.

THANK YOU

“

See what great love the
Father has lavished on
us, that we should be
called children of God!
And that is what we are!

— 1 John 3:1 NIV —”

No matter how challenging circumstances may become or how far away we may be from other people, even our own family members, those who know Christ are never alone. Together, we're helping people in desperation discover this truth every day.
